# ABOUT US

Bharathi College of Nursing, Bangalore is a dedicated institution committed to excellence in nursing education and healthcare training. Established with a clear vision to develop competent, compassionate, and ethical nursing professionals, the college integrates academic excellence with intensive clinical exposure to prepare students for real-world healthcare environments.

Affiliated to Rajiv Gandhi University of Health Sciences (RGUHS) and approved by the Indian Nursing Council (INC) and Karnataka Nursing Council (KNC), the institution follows a structured curriculum supported by modern teaching methodologies and continuous academic mentoring.

Situated in a peaceful academic setting in Bangalore, Bharathi College of Nursing provides students with the right balance of theory, practice, discipline, and professional growth.

## OUR LEARNING PHILOSOPHY

- ③ Student-focused and outcome-based nursing education
- ③ Strong foundation in nursing theory combined with practical application
- ③ Continuous skill development through demonstrations and simulations
- ③ Emphasis on patient care, ethics, communication, and professionalism
- ③ Regular assessments and faculty mentorship for academic excellence

## CLINICAL TRAINING & PRACTICAL EXPOSURE

A key strength of Bharathi College of Nursing is its own parent hospital, which ensures consistent, supervised, and high-quality clinical training.

- ③ Hands-on clinical training within the institution's own multi-speciality parent hospital
- ③ Early and continuous exposure to real patient care settings
- ③ Training across medical, surgical, maternity, pediatric, and community health units
- ③ Direct guidance from experienced nursing and medical professionals
- ③ Strong focus on practical competence, confidence, and clinical decision-making

This integrated hospital-based training model enables students to bridge the gap between classroom learning and professional nursing practice effectively.
